

# OMAYTOP LIMITED

**Providing top-quality medical  
equipment with excellent  
customer service**

We take pride in our strong client focus and deliver special orders on request

We offer a varied range of hospital equipment, including nebulisers, dialysis machines, patient monitors, oxygen concentrators, ICU beds, infra-red thermometers, and much more.

Patient Monitors

Oxygen concentrators

Nebulisers

Ventilators

A variety of hospital equipment in stock, available on request

# Prevention and Sanitation Equipment

Foot pedal sanitizers

**In such turbulent times, personal safety is of utmost importance. We offer a range of products to keep you and your employees, and loved ones safe and sound.**

# Disinfection Gate Chambers

Essential for optimum protection against epidemics and harmful bacteria

These disinfection gates can be placed in high-density places such as offices, hospitals, government buildings, restaurants, places of worship, schools, military bases, market places, shopping malls etc.

## Disinfection Solutions

## Premises Disinfection Machine

This machine will prevent the spread of microbes and viruses suspended in the air as it sprays the chemical in the pulverized system with a size of 0.45 microns. Penetrating even the smallest cracks on surfaces, it acts as a powerful disinfectant which prevents the spread of diseases such as coronavirus. The spraying tank capacity of 300 litres machine usage without the need for frequent disinfectant loading.

# Various medical items on request

KN95 Masks

Bouffants (Hair covers)

Sharp Containers

Infra-red thermometers

## Medical Dispensables

We offer a wide range of products such as biohazard bags, face masks, disposable scrubs etc.

Face shields
